FOREWORD

This year is gone. The ball games, the exams, the good times, and the bad, these too are gone. We cannot turn back time except when time is captured on a page. And this is what we have tried to do--capture on these pages the year as it unfolded. Years from now, we hope that you can look back at the 1965 Edition of the CARDINAL and see this year pass again.

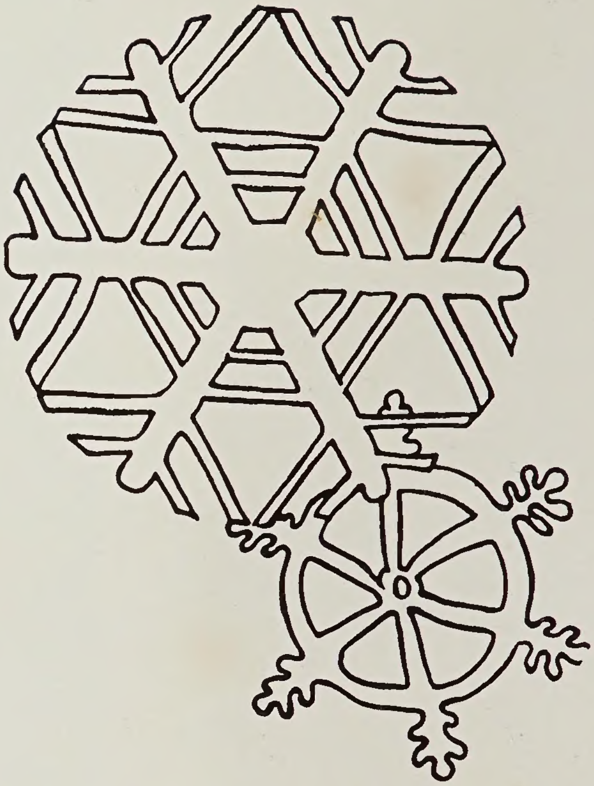
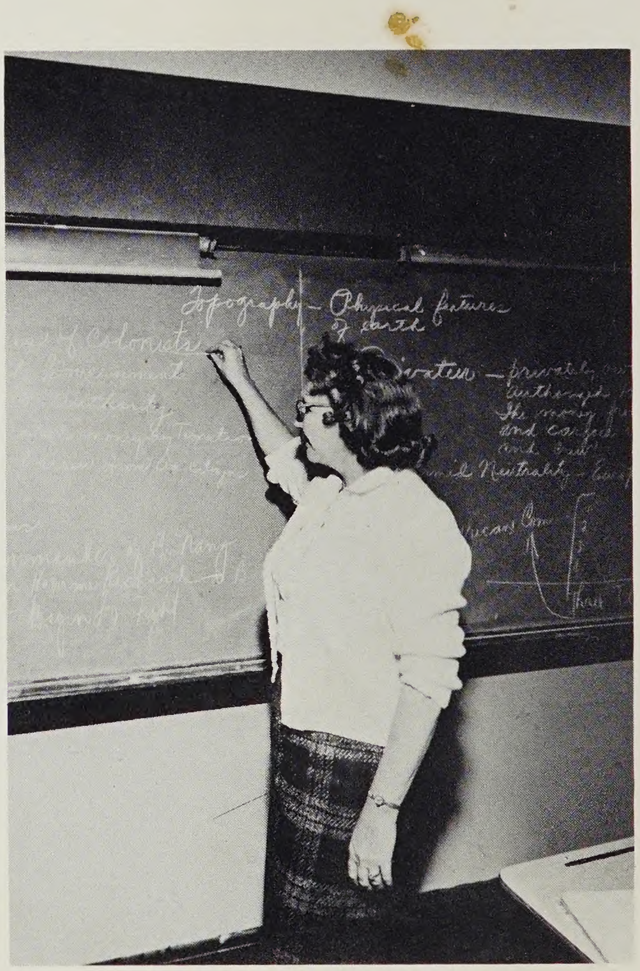
Winter . . .

Patience, fortitude, and self control are necessary for mastering the mechanics of lockers. Opening one of "those things" requires talent during the three minutes between classes.



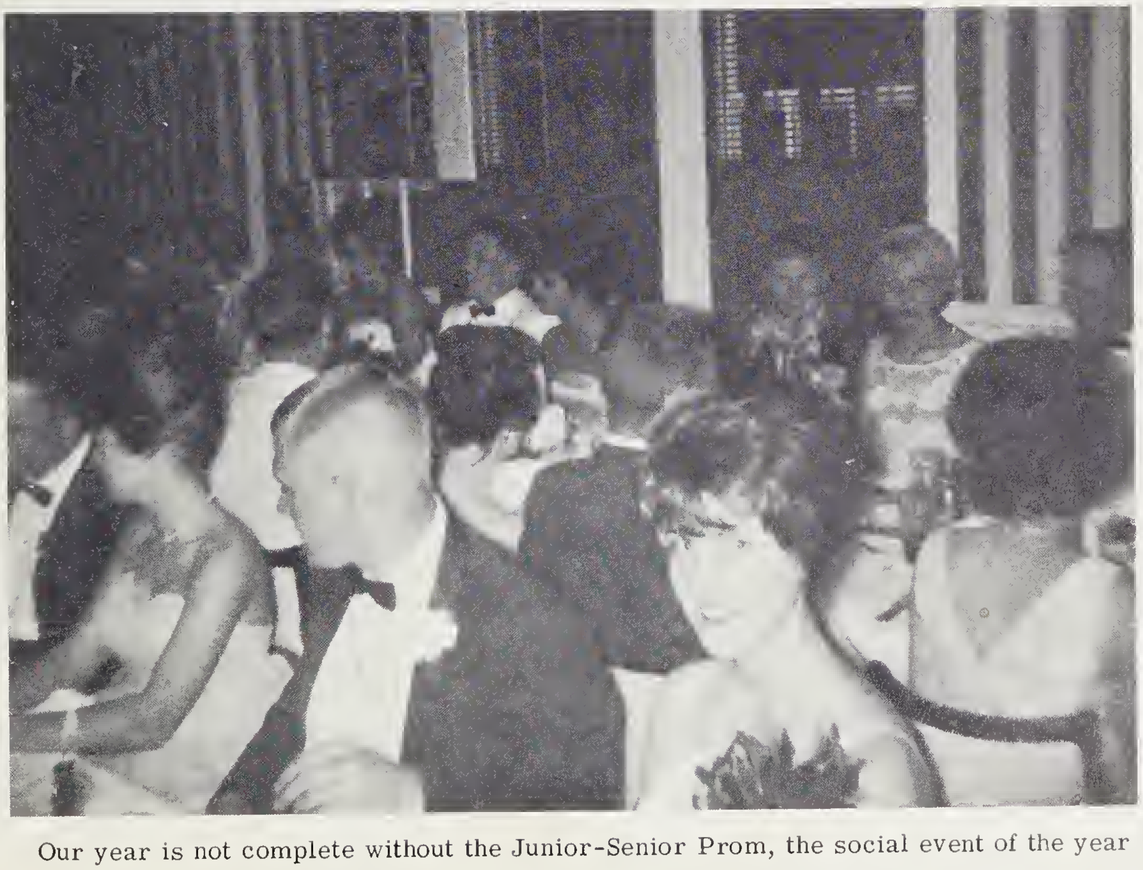


Topography – Physical features of earth

With the help of our teachers we are able to become better students and to be prepared for a more successful future.

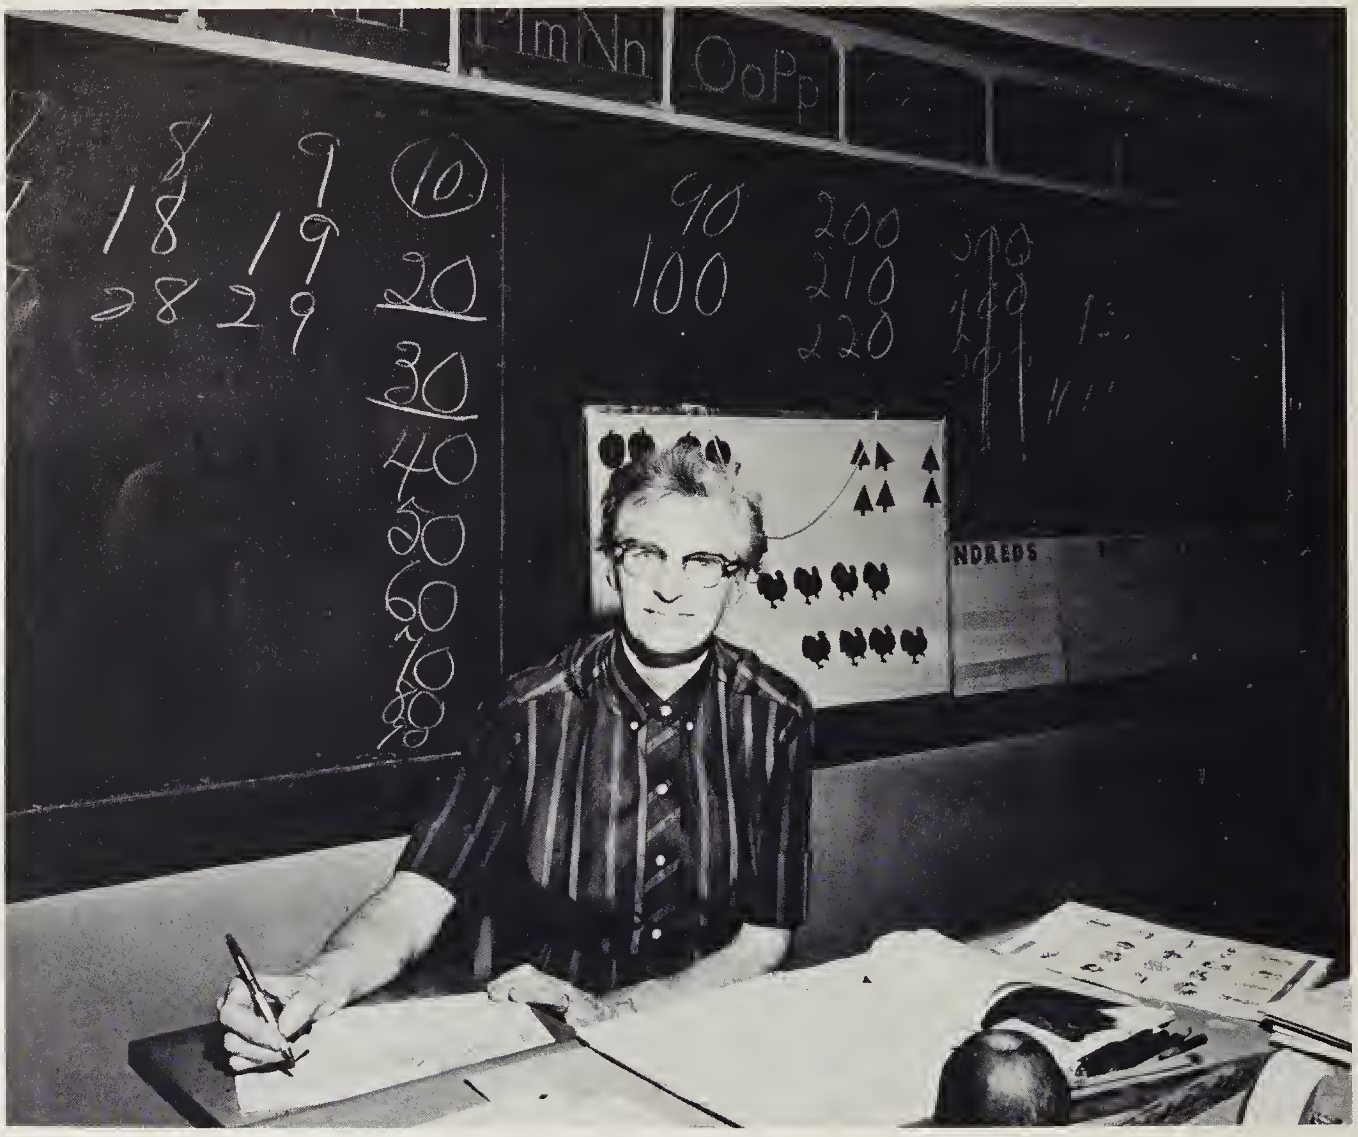
Moments of solitude and thoughts of the future break into every schedule.

Spring . .



Our year is not complete without the Junior-Senior Prom, the social event of the year

Dedication



We, the members of the Senior Class of Nineteen Hundred and Sixty-Five, Clyde High School, take pleasure in dedicating this issue of the CARDINAL, our annual, to Mrs. Nell Campbell Matthews, in grateful recognition of the significant service that she has rendered the community, school, and students throughout her years of fruitful service.
